## Prohibition Doesn't Prohibit

Mark Twain once had a few words to say about prohibition. "I am a friend of temperance and want it to see it succeed, but I don't think prohibition is practical. The Germans, you see, prevent it. Look at them. They have just invented a method of making brandy out of seaweed. Now what chance will prohibition have when a man can take a rip-saw and go out and get drunk with a fence rail? What is the good of prohibition if a man is able to make brandy mashes out of the slings or on his roof, or if he can get the delirium tremens by drinking the legs off of his kitchen table?"--Strong's Magazine.

"Peter," a young farmer, will add his efforts to those of others for your entertainment at the Madison Institute senior play. Of course you will be there.

## "The Trail of The Lonesome Pine."

"The Trail of the Lonesome Pine," which comes to the Lexington Opera House Monday and Tuesday, March 3rd and 4th, and matinee Tuesday, is a virile romance that in book form has been read by three million and more book lovers. Eugene Walter's dramatization is one that warms the blood and stirs the emotion. It is a story of romantic love with just a requisite tinge of the feudal spirit of the Virginia hills to give it bubbling color. In part of June, the primitive, sweet, wild mountain girl, Miss Isabelle Lowe has a role in which she will make a direct appeal to all who have already met June in Mr. Fox's original story. The play is given a beautiful production and its long runs at the Boston Theatre and Amsterdam Theatre New York, were marked by the largest business of late years.

One of the most capable casts ever seen outside of New York will appear at the Lexington Opera House.

## Shame! Shame!!

At the last term of the Madison circuit court there were 16 cases asking for divorces--12 of them white, four of them colored. This ought not to be and this has never occurred before--since the county was organized. What's wrong?

We have in Richmond eight or ten churches, a Normal school, Madison Female Institute, Caldwell High School, a colored high school and a court-house and it would seem that all these influences ought to prevent such a state of things as our docket shows. There is certainly a remedy for this evil. How would this do?

Before any county clerk of this State shall issue a marriage license he shall require the persons asking for such license to produce a certificate from the county judge, in which such application is made, certifying that they are persons of good habit and mind and body, and that the man so applying has a trade, occupation or profession by which he can support himself, wife and family.

This would certainly prevent hasty and inconsiderate marriages and therefore greatly lessen the applications for divorce. Our people must begin to think and to act.

Something must be done to correct this growing evil.

When Burton Holmes recently gave his celebrated travelogue on "Panama" at Orchestra Hall, Chicago, he was seriously interrupted by continual coughing of the audience. Many a good sermon, lecture or concert, is spoiled in the same way. No one annoys willingly and if people with coughs, colds, hoarseness and tickling in throat, would use Foley's Honey & Tar Compound, they could quickly cure their coughs and colds and avoid this annoyance. It is a splendid household medicine and contains no opiates. For sale by all druggists. adv im

## New Primary Law.

A dispatch from Frankfort says that candidates before the August primary have begun to deluge the Attorney General's department with inquiries about the primary law. The two questions that confused them most are with regard to the signatures to their petitions and the method of voting. Many of them are in doubt whether they must have the signatures of a certain per cent of the voters in every precinct in their county. They have been informed that where the law says a certain per cent of the voters in a county, they need pay no attention to precinct lines and may get their signatures from any part of the county. These signatures must be secured not more than 90 nor less than 70 days before the primary. Others wish to know whether the voters affiliated with one party may by writing on their ballots vote for a candidate of another party, to which the answer is "No." The same answer is given to those who ask whether they may write on the ballot the name of a person other than a candidate nominated by petition.

## Would Go 200 Miles to Hear Vance Cook.

Pair Park Auditorium was as hot as the hayloft of your grandfather's barn last night, but a crowd turned out for Poet's day.

In introducing the speaker of the evening, Prof. Harman told how a gentleman from Willis Point had come to the box office that day, saying he had come in especially to hear Mr. Cooke; that he had heard him years before and would willingly walk a hundred miles and pay \$200 any time to hear him again.

In responding, Mr. Cooke said he could readily understand how a man might walk a hundred miles to hear him, but to pay two hundred dollars--no, no!

Then Mr. Cooke launched into an hour and a half of poetry, pathos and humor, addressing a most responsive and cordial audience.

At the conclusion of the evening, the man from Willis Point made a correction. He raised the limit to two hundred miles, which he was willing to travel to hear Cooke again, but thoughtfully substituted riding for walking--Dallas News.

Mr. Cooke will lecture at the Normal Saturday, March 1.

## Causes Much Disease Advice About Stomach Troubles and how to relieve them.

Don't neglect indigestion, for it may lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent of all ills have their origin in a disordered stomach.

Our experience with Renall Dyspepsia Tablets leads us to believe them to be one of the most dependable remedies known for indigestion and chronic dyspepsia. Their ingredients are soothing to the inflamed membranes of the stomach. Rich in Pepsin and Bismuth, two of the greatest digestive aids known to medicine, the relief they afford is very prompt. Used persistently and regularly for a short time, they tend to relieve pains caused by stomach disorders.

Renall Dyspepsia Tablets help restore healthy appetite, aid digestion, and promote nutrition. As evidence of our faith in them, we ask you to try them at our risk. If they do not give entire satisfaction, we will return the money you paid us without question or formality. Three boxes, 50 cents, 50 cents and \$1.00. ## Bosworth's Bondsman Question Pension Law.

Henry M. Bosworth, State Auditor, has asked Attorney General Garnett for an opinion as to the constitutionality of the Confederate Pension Act, passed by the last General Assembly. The act provides for pensions for veterans of the Civil War who fought for the Confederacy and if decided to be constitutional, will mean an annual expenditure of \$400,000.

The question of the constitutionality of the act was raised by Auditor Bosworth's bondsman. Owing to the depleted condition of the State treasury none of the pensions have been paid, although over 500 have been allowed. Captain W. J. Stone, of Kuttawa, has been appointed pension agent under the act and has put the act into operation. Had there been sufficient money in the treasury to pay the pensions, it is doubtful if the constitutionality of the act would ever have been attacked.

## DEATHS

Mrs. John Spears died at her home at Nicholasville first of the week, aged 62. Before her marriage Mrs. Spears was a Miss Duncan and she had many friends and relatives in this county. She was a bright, lovable woman and a good, consistent christian has gone to her reward. A number of her relatives from this city attended her burial.

Verily in the midst of life we are in death. Late yesterday afternoon, Dr. G. W. Evans was enjoying a game of "hearts" with several friends in the Club Room of the Masonic Temple, and in the twinkling of an eye his light went out. There was not a struggle nor a groan. His head dropped to his breast, the hand of death touched him and he died. The body was removed to his late home on Aspen avenue, his wife having been prepared to some extent for the shock by thoughtful friends. While the blow was terrific to the wife and children, Dr. Evans' death was not a great surprise to them, as for some years he had suffered from a heart trouble. He was in fine spirits yesterday afternoon when he met with his friends, as was frequently his custom, to enjoy his favorite game. He talked while he played, and was seemingly greatly enjoying himself, when the final summons came.

Dr. Evans is survived by his wife, who was Miss Mary Spencer Smith, and six children—Mrs. T. H. Pickles and Mrs. L. P. Evans, of this city; Messrs. George W. Evans, of Tucuman, N. M.; Joseph and William Evans, of Panama, and Overton Evans, of Cincinnati. The latter arrived this morning.

Dr. Evans was 70 years old on the 5th of this month, having celebrated the occasion by having a number of his friends with him and making it pleasant for them. For years he had been a consistent member of the Baptist church and a regular attendant at its services. Dr. Evans practiced medicine in the Fox-town section for many years, but moved to this city some twelve or fifteen years ago. During his sojourn here he has given more of his time to the upbuilding of Richmond than to his practice. He was responsible for several additions to the city and pushed to completion many of her enterprises. He was a public-spirited man and a lover of his home town, did all in his power for its furtherance.

Dr. Evans was a highly educated, interesting man. He was well posted on the questions of the hour and a veritable storehouse of information. He will be missed by every person in Richmond and not soon will they recover from the shock of his sudden death.

A good man has gone to his reward. Let his good example be emulated. Funeral services will be conducted at his late home at 5 o'clock Saturday afternoon by Dr. C. C. Marshall, after which all that is mortal of the splendid gentleman will be consigned to mother earth in Richmond cemetery.

## MARRIED

The marriage of Miss Myrtle W. Orr, of Nicholasville, to Mr. E. F. Orr, of Pennington Gap, Va., was solemnized Wednesday afternoon at the residence of Rev. H. L. Calhoun, of Lexington. The bride is one of the most attractive girls of Jessamine county and is a daughter of Mrs. Jas. A. Hogan.

In the week of matter and crash of worlds we failed in our last issue to make mention of the marriage of our old friend, Capt. W. T. Orr, of this city, to Miss Kate Hill, of Williamsburg. The happy event took place in this city Thursday evening, and Rev. J. N. Calton officiated. The bride, who is a niece of Col. R. D. Hill, U. S. District Attorney for Western Kentucky, is said to be a charming and attractive lady, while we all know that Mr. Orr has only one fault and that is he will vote the republican ticket. He is a mighty clever man, however, and so long as he does not wander off after the "Bull Moosers" we feel that we can forgive him. The Climax editor, who has known the Captain for a quarter of a century, extends to him and his bride his best wishes, as well as those of the Climax, and hopes that all the good things needful will come to him and his. Captain and Mrs. Orr will make their home in this city where he has lived for a number of years and where he has many friends.

Good Tobacco Sales Today. Between 60,000 and 80,000 pounds of tobacco were sold at the two warehouses this morning at good prices. A big sale is expected Monday. It is believed at least 95 per cent. of the tobacco in this county has been sold.

Lots of Cattle Already Here. The prospects are that there will be cattle here without end on next Monday, court day. The stock pens are almost full now and in two more days they will be hanging to the fences. Monday promises to be a great day. Better come in. March is always the banner court day of the year.

J. L. Hutchings, of Boyle, bought of Kidwell Bros., of Lincoln, 124 120-pound stock hogs at 73 c.

Program To Be Good.

Very soon the senior class of Madison Institute will give "The Best of the Best" and "Creatures of Impulse." It has been the custom for a number of years to have a senior play before commencement and almost without exception the plays have drawn full houses. The program for this year is a clever one and will be presented by an exceptionally strong cast. The rehearsals are on now and will continue until the program is given. The specialties are to be different this year from anything before offered, some novel and catchy fold dancing said to be unusually good, etc. Watch for program and date of performance.

Bought Farm And Ferry.

Dr. D. J. Williams, of Ford, has purchased of Geo. Bentley his farm at Boonesboro, including the ferry, at that point. John Walters, formerly assistant lock master at Lock No. 10, has moved to Boonesboro and will take charge of the ferry. He is an experienced man in his line and will no doubt make good in his new position.

Don't You Believe It.

Some say that chronic constipation cannot be cured. Don't you believe it. Chamberlain's Tablets have cured others—why not you? Give them a try. They cost only a quarter. For sale by all dealers. adv 1m

Sixty-One Years Old.

John Slaughter brought to this office a part of a box of tobacco which was given him by his mother, Mrs. Jane Slaughter, who is now 87 years old, and brought the tobacco to this city from Taylor county, this State, in 1852. The twist of tobacco was almost as solid as stone, but retained its brightness and would certainly be a joy forever to any one who enjoys a good smoke.—Danville Messenger.

Old Age.

Old age as it comes in the orderly process of nature is a beautiful and majestic thing. It stands for experience, knowledge, wisdom, counsel. That is old age as it should be, but old age as it often is means poor digestion, torpid bowels, a sluggish liver and a general feeling of ill health, despondency and inactivity. This in almost every instance is wholly unnecessary. One of Chamberlain's Tablets taken immediately after supper will improve the digestion, tone up the liver and regulate the bowels. That feeling of despondency will give way to one of hope and good cheer. For sale by all dealers. adv 1m

New Nickels Saturday.

The new nickel of India's head and buffalo design will be put into general circulation Saturday. At early the Treasury Department has received applications from banks for more than 2,000,000 of the new coin.

Methodist Minister Recommends Chamberlain's Cough Remedy

Rev. James A. Lewis, Mt. Airy, Minn., writes: "Chamberlain's Cough Remedy has been a needed and welcome guest in our home for a number of years. I highly recommend it to my fellows as being a medicine worthy of trial in cases of colds, coughs and croup." Give Chamberlain's Cough Remedy a trial and we are confident you will find it very effective and continue to use it on occasion requires for years to come, as many others have done. For sale by all dealers. adv 1m

War Declared.

Catarrah Germs Must Be Conquered or Health Will Be Destroyed.

If you have Catarrah you must vanquish an army of persistent, destructive microbes before you can be healthy. You might as well choose your weapons, declare war and destroy this army of Catarrah germs right now. Booth's HYOMEI, a pleasant germ destroying air breathed over the entire membrane will kill Catarrah germs. Booth's HYOMEI (pronounce it High-o-me) is guaranteed by R. L. Middleton to end Catarrah or money back. It surely is fine for Coughs, Colds and Croup. If you own a little HYOMEI hard rubber pocket inhaler get a separate bottle of HYOMEI for only 50 cents. If you haven't your own inhaler secure a complete outfit for only \$1.00. Just breathe it—no stomach dosing. 2 t.

A Song.

In these gray days I seem to long For summer with its tender song, For roses tangled in the green And all the fragrance in between.

I want the halcyon blue of skies, The sight of gay-winged beauties, A morning when the dewdrop drips To have the nearest touch my lips!

To feel anew the ecstasy Of wanderings on some pleasant lea, To dabble in the crystal streams; To weave the fabric of new dreams.

The golden days! The silver night! The crepuscle of all delights! The lavish joy! Ah, tender thought, Bring back the summer to my heart!

Let all its gladness dwell with me, And all the golden witchery! And, with its magic silver lute, Play once again these strains now mute.

I seem to hear the thrilling note, Burst from each summer song-bird's throat, And wish (as songs their sweetness fling), That choir invisible I sing!

The Kentucky State Board of Health, in its recent reports, estimated that in Kentucky 30,000 cases of tuberculosis. Why don't they use Smith's Lung Tonic? Price \$7.00 per gallon. Listen to this statement: "My daughter was ill for about five years with consumption, we were told she would live three months. When we commenced the use of Smith's Lung Tonic, she began immediately to improve. She used one gallon and was entirely cured. We had used a number of other things without a success. I cheerfully recommend this medicine as one of the best medicines I ever used in my family." JUDGE W. H. BLANTON, Jackson, Ky. Feb. 13, 1908.

Philip Barnard, New Philadelphia, Ohio, states: "I had three specialists to treat my wife, they told me she had tuberculosis or consumption and could not get well. I had used numerous remedies before I sent for the specialists. Finally as a last resort, I sent for a gallon of Smith's Lung Tonic. She is now well and has been since December 1911."

Smith's Lung Tonic is just like Smith's Liniment. 40 years test has proven this liniment the best. Who doubts it? The man who has never tried it.

Manufactured by T. B. Smith Medicine Co., Lexington, Ky. In the reach of everybody at \$7.00 a gallon. Advertisement. adv 1m
